As far as the past five years are concerned, the city witnessed a growth of over 16% in gross output value year-on-year to exceed 1 trillion yuan, which translated into a per capita value of 13,000 US dollars. The Binhai New Area, where the national strategic opening-up and development program is being fully implemented, is fast growing to be a new power in driving the regional economy. Construction of a more livable and eco-friendly city is proceeding fast, with its unique style taking shape, characterized by a grandeur and glamour in its integration of Chinese and Western elements, and a blend of both ancient and modern.
